

BEGINNING VEGETABLE GARDENING

HEALTHY GARDENING FOR A BETTER LIFE

This fun and easy workshop series offers lecture and hands-on activities on how to grow a healthy and productive garden!

All sessions are taught by UCCE Master Gardeners of San Diego County.

Topics Include: Garden planning, healthy soil, composting, seed starting, cool and warm season vegetables, transplanting, beneficial insects and pest management, appropriate water use, harvesting and more.

Everyone is welcome! Backyard gardeners, new community gardeners, and school teachers will benefit from these workshops.

Space is limited so sign up today!
